

Mico Raphael F. Cuarto

Tayabas City • Quezon 4327 • cuartomicoraphael@gmail.com • (+63) 9167010780 • <https://github.com/oocim>

Computer Science student with strong experience in data entry, data cleaning, and database organization. Skilled in Excel, Google Sheets, and structured data processing. Experienced in handling large datasets with high accuracy and attention to detail through internship and academic projects. Seeking virtual assistant or data entry roles with immediate availability while completing studies (Graduating July 2026).

Skills

Data Entry & Administrative Skills: Data Entry, Data Encoding, File Organization, Document Processing, Data Validation

Tools: Microsoft Excel (Formulas, Pivot Tables, Data Organization), Google Sheets, Jupyter Notebook

Technical Skills: Python (Basic Data Handling), SQL (Basic Queries), JSON, Structured Data Processing

Soft Skills: Attention to Detail, Time Management, Accuracy, Communication, Problem Solving

Experiences

ACTION Center Batangas State University

Software Engineering Intern (Data Processing & Systems Support)

Batangas City, Batangas

June 2025

- Processed and organized structured datasets to improve accuracy and usability
- Cleaned and validated large datasets by identifying missing and incorrect entries
- Assisted in data encoding and preparation for system integration
- Performed quality checks to ensure data consistency across records
- Supported backend data organization using spreadsheets and database systems
- Collaborated with team members to improve data workflow efficiency

Projects

GUIDE - Disaster Risk Management Platform

- Organized and standardized geospatial data for reporting and system use
- Performed data validation and cleaning for structured datasets
- Assisted in database preparation using PostgreSQL

SanDaan - Transportation Mobile Application

- Processed and organized transportation-related datasets
- Ensured accuracy and consistency of encoded data
- Structured information for use in mapping and application features

Education

Bachelor of Science in Computer Science (GWA: 1.5247)

Batangas State University – The National Engineering University

DOST-SEI JLSS Scholar (2024) | Expected Graduation: July 2026

Certifications

- **Data Engineer in SQL — DataCamp**
- **Data Engineer in Python — DataCamp**
